

EMOJIs and James, Peter, John, Jude & Ruth and Jonah – JAMES
Chapter 4 Questions

In this world do you think people would rather walk closer to God or would they rather walk on their own away from him and do whatever it is that they choose? Which would you rather do? Share your answer and why you chose it here:

Start by reading the introduction to James chapter 4. As we learned earlier James is the kind of writer that will call you out no matter what. He says it like it is. He believes that our walk should match our talk. There is a change it takes place in this chapter. According to the introduction, James first wrote about our walk and then he wrote about our talk. What is the focus of chapter 4 of James? Write your answer here:

Now read James 4:1–10. Read the study note for 🤔 James 4:1–4. When you pray what is it that you pray for?

What are some other things that you could or think you could pray for or about?

Read the study note for 👍 James 4:8. As you can see this is one of the greatest promises that God has given us in his word. Circle this verse. Put stars next to it. Write the date next to it. Doggy or the page. Do whatever you can to go back and remind yourself of this promise. Then find a regular sized Bible and turn to Jeremiah 29:13-14 and read that verse as well. Now, in your own words or even copying the words of the verse, write the promise that God gives everyone who seeks Him:

Read James 4:11–12. These verses are set apart as a warning against judging others. Now read the study note for 😊 James 4:11. According to these verses and according to the study note, what is the law of the New Testament?

Now read James 4:13-17 And at the study note for 😨 James 4:17. This is a warning about self-confidence. What is this sin known as according to the study note?

The point that James is making in this chapter is that it is up to us to choose God. That means we choose good. The only thing in the Bible that is good is God. Where can you and will you choose God by choosing to do good to help others in your life?
